

Letter of intent

Dear Chair and Members of the Middlesex County Democratic Organization, I respectfully submit this letter to formally declare my intent to participate in the Middlesex County Democratic Organization's 2026 Nominating Convention as a candidate for the United States House of Representatives from New Jersey's 12th Congressional District.

As a long-time West Windsor resident, community leader, and technology and management consultant, I have dedicated my career to public service, civic engagement, and strengthening the communities we call home. My work supporting families of individuals with disabilities, advocating for inclusive services, and engaging with residents across our region has reinforced my belief that effective leadership begins with listening and delivering practical solutions.

I am running for Congress to help make New Jersey's 12th District more affordable, innovative, and inclusive. My priorities include reducing the cost of living through housing innovation and smart federal incentives, strengthening small businesses and local job creation, improving infrastructure and mobility, and expanding support for families and caregivers. I am committed to building bipartisan partnerships that deliver real results for working families and seniors.

I welcome the opportunity to engage with Middlesex County Democratic leaders, committee members, and residents as we work together to strengthen our party and advance shared Democratic values of opportunity, fairness, and dignity for all.

Thank you for your consideration. I look forward to participating in the convention process.

Respectfully,

Sujit Singh

Candidate for U.S. House of Representatives, NJ-12

West Windsor, New Jersey
